

Metropolia UAS Online

Helsinki Metropolia University of Applied Sciences has four fields of study: culture, health care and social services, business and administration, and technology and transport, all of which provide teaching also in English. The students number is some 14,000 and the staff about 1,100.

Online and Offline

Blended learning offers learners the opportunity to be both together and apart, and increases the options for greater quality and quantity of human interaction in different learning environments.

STUDENT, TEACHER AND STAFF EXCHANGE

International activities include outgoing and incoming Student, Work Placement and Teacher Exchanges.

Teacher and Staff Exchange

The Lifelong Learning Programme and its sub-programme Erasmus encourages and supports teacher and staff standard mobility. At Metropolia the programme is fully utilised and more than 200 teachers and experts took part in staff exchange and the same figures apply the visits.

Student Exchange

Metropolia has been awarded the Erasmus Extended University Charter until the academic year 2013/2014.
